CLASSIC ENGLISH BLENDED TEAS

OUR NEW RANGE

Our range of full-colour, foil-lined drums contain the same grades of loose leaf teas for which our online customers have been returning time and again over many years. They are available as 125 or 250 grams loose tea. For added convenience we are also offering these in bio-degradable pyramid infusion bags. These enable our large leaf teas to infuse properly to give a balanced, all-round taste. They are available in multiples of 20 or 40 bags. The selection comprises the following:

Russian Caravan. This historic tea is made from a traditional blend of large leaf Chinese black and oolong teas. It has a distinctive and attractive complexity. This tea was originally traded in the 18th century during the reign of Catherine the Great, carried by camel caravan via the Russian steppes, along the Silk Road to Moscow.

Good Morning! Our Good Morning! blend has all you want to spring out of bed and into the bright new day (even if it is grey and drizzling outside). It delivers it's vitality through a blend of full bodied, malty teas from Assam and tangy, full flavoured teas from Kenya.

Good Afternoon! Well-chosen China and Indian teas are blended to give a light, fragrant liquor with a little smokiness. Once tried your customers will not drink an average tea during the afternoon again!

Earl Grey. Our Earl Grey is a traditional large leaf blend of China Keemun and Indian Darjeeling with natural oil of bergamot (an Italian citrus fruit). This is a well-balanced tea with the right proportion of bergamot oil giving a refreshing but not overpowering taste.

English Breakfast. Our larger leaf English Breakfast blend contains Assam, Ceylon and a hint of Darjeeling teas to give a rich malty tea. Whilst having some lightness it is ideal as an accompaniment to a traditional English breakfast. A great way to start the day and keep you sustained during the morning. Once you have had this superior English Breakfast you will not want another!

Queen Elizabeth II Diamond Jubilee Blend. To commemorate Her Majesty Queen Elizabeth's 60 years on the throne in 2012 we created a special Diamond Jubilee tea blend. This elegant tea contains large leaf Darjeeling with a little China Keemun to create a bright, light and well balanced tea with plenty of flavour. It combines well the muscatel and burgundy characters of both.

Kenya Orthodox. The first of several of our popular single-origin teas, this large leaf Kenya orthodox has a lovely apple, caramel aroma. Bronze in the cup it is full bodied, rich and smooth with a distinct, sought-after Kenyan tang. It provides just the stimulus you need at any time of day. List last of the featured products.
