

**New Range -**  
**Classic English Blended *Loose Leaf* Teas**

**A collection of six teas:**

**Russian Caravan | Good Morning! | Good Afternoon!**  
**Earl Grey | English Breakfast | Coronation Tea**

# New Range - Classic English Blended *Loose Leaf* Teas

Our foil-lined drums contain the same grades of loose leaf teas for which our online customers have been returning time and again over many years. Each contains 125 grams loose tea. For added convenience we are also offering these in bio-degradable pyramid infusion bags. These enable our large leaf teas to infuse properly to give a balanced, all-round taste. Each contains 20 bags.

The selection comprises the following:

**Russian Caravan.** A traditional blend of large leaf Chinese black and oolong teas. It has a distinctive and attractive complexity. This tea was originally traded in the 18th century and carried by camel caravan via the Russian steppes, along the Silk Road to Moscow.

**Good Morning!** This blend delivers it's vitality with full bodied, malty Assam and tangy, full flavoured Kenyan teas.

**Good Afternoon!** Well-chosen China and Indian teas are blended to give a light, fragrant liquor with a little smokiness.

**Earl Grey.** Our Earl Grey is a traditional large leaf blend of China Keemun and Indian Darjeeling with natural oil of bergamot. This is a well-balanced tea giving a refreshing but not overpowering taste.

**English Breakfast.** Our larger leaf blend contains Assam, Ceylon and a hint of Darjeeling teas to give a rich malty tea. Whilst having some lightness. A great way to start the day!

**Coronation Tea.** An elegant tea containing large leaf Darjeeling with a little China Keemun to create a bright, light and well balanced tea with plenty of flavour. It combines well the muscatel and burgundy characters of both.

Grey's Teas was founded in 2000 by Richard Grey, descendent of Earl Grey who was British Prime Minister 1830-1834. We now offer over 160 teas from India, Nepal, China, Taiwan, Sri Lanka, Japan and Kenya. These include black, green, oolong, white, flavoured teas and herbal infusions. We also have tea collections in ten themes.
